Gov. Godwin Declares September '1976 PTA Membership Month

The month of September, 1976 has been declared the Virginia Congress of Parents and Teachers Membership Month by Gov. Mills E. Godwin, Jr. The Certificate of Recognition signed by the governor states:

"By virtue of the authority vested by the Constitution in the Governor of the Commonwealth of Virginia, there is hereby officially recognized:

VIRGINIA CONGRESS OF PARENTS AND TEACHERS MEMBERSHIP MONTH

The Virginia Congress of Parents and Teachers and its local affiliates have long supported quality education for Virginia's children and youth and stimulated community interest in local schooling.

During the month of September, the Congress undertakes to interest parents, teachers and others in its cause, observing that period as VIRGINIA CONGRESS OF PARENTS AND TEACHERS MEMBERSHIP MONTH, and I call this observance to the attention of all Virginians."

The VCPT was organized in 1904 and is composed of 1075 local PTA's throughout Virginia with a total membership of 229,236. The VCPT is the largest organization in Virginia dedicated exclusively to the welfare of all children and youth. A concerted effort is being made throughout the state to increase PTA membership by 25% during the coming year.

Over the last few years the thrust of PTA efforts has rapidly been changing and THE TODAY PTA is having a voice in the important decisions that affect the welfare of children and youth and the quality of their educaiton.

Mr. George O. Thompson, President of VCPT, in his column in the September issue, **Virginia PTA Bulletin**, stated that PTA's must present issues and seek solution to those issues.

Some of the issues local PTA's are working on at this time include school absenteeism, violence and vandalism in our schools, violence on television, and immunization of pre-school children against communicable diseases. Other areas of concern include education for parenthood (through nutrition, health education, communications), prevention of child abuse, and legislation dealing with many educational concerns as stated in the PTA's legislation program.

The president emphasized that the support of the entire community should be enlisted in PTA because parents, parents of pre-school children, grandparents and citizens without children are vitally interested in the future of our country, and are equally concerned with the welfare of all children and youth.
